Re: Working Draft Bunker Hill Mine Water AMD Treatability Study Work Plan

Dear Jack:

Attached for your information is an April 23, 1999 Working Draft Bunker Hill Mine Water AMD Treatability Study Work Plan. The document was prepared by CH2M Hill for the Environmental Protection Agency and the Idaho Division of Environmental Quality (DEQ) as part of our ongoing effort to determine how to best manage the acid mine drainage from the Bunker Hill mine. Should you have any questions about the document please call me at (206) 553-2712, or Mike Thomas of DEQ at (208) 373-0318. If you have any comments on the document they would be appreciated by May 14, 1999.

Sincerely,

Mary Kay Voytilla
